 Prime Performance

HylaMax

- PPN340830 30cc \$8.95
 PPN340860 60cc \$16.95

Concentrated source of available Hyaluronic acid to be used prior to competition or as needed.

Pro-Form XT

- PPN341630 30cc \$5.95
 PPN341660 60cc \$9.95

An oral paste containing a live stabilized microbial. Microbials lend to overall health of an animal by helping to facilitate the utilization of feed and maintain intestinal health during times of stress and poor appetites.

Kalm B

- PPN342230 30cc \$10.95
 PPN342260 60cc \$17.95

A natural oral paste that contains high levels of B1 to be used in situations that may cause stress conditions and anxiety. As a convenient oral paste that is fast acting – within three to four hours.

Healthy E Oil

- PPN343030 1 gal FOB \$24.95
 PPN343301 5 gal FOB \$105.00

Healthy E Oil™ contains essential fatty acids from natural processed soybean oil for optimum coat shine and skin condition in a palatable liquid. Healthy E Oil is excellent for senior horses as it is highly digestible with 2.25 times the calories of shell corn. Use this oil to reduce the amount of grain needed as well as control any dust in feed!
