

# ELECTROLYTES

**APPLE DEX** - Electrolyte in an apple flavored compound combats dehydration, fatigue and weakness. It delivers the sodium, calcium, potassium, & trace minerals needed to maintain body fluids often depleted during stress. Add 1 to 2 oz per 10 gals of drinking water.

- SUP6105 5 lbs FOB \$8.99
- SUP6135 20 lbs FOB \$31.99
- SUP6130 30 lbs FOB \$36.99

**APPLE-LYTE** is a highly palatable apple flavored source of electrolytes and trace minerals indicated to be used during periods of stress and/or dehydration, as a nutritional/electrolyte supplement.

Glycine (amino acid) enhances the electrolyte absorption.  
**SUP1065 5 LBS FOB \$15.99**

## Lyte Now™

(THE ONLY 3-MIN ABSORPTION ELECTROLYTE)

For instant rejuvenation & rehydration. Helps prevent dehydration, muscle fatigue, heat stress and tying-up during and after activity.

- Puts Back in what

training takes out. Each dose supplies twice the minerals lost during 1 hr of training or other exerting activities.

•Properly PH balanced unlike other electrolytes won't cause cell bloat. **LyteNow™** balances cell shape while increasing oxygen absorption.

- PF1030 30cc (single dose) \$6.95
- PF1080 80cc (triple dose) \$10.95

**ENTROLYTE HE** Use as an electrolyte replacement and nutritional supplement. Formulated to achieve maximum fluid absorption and to provide energy following oral administration. **SUP6400 178 gr packet \$3.95**

## Liqui Lyte™
