SMB-3™ The SMB-3™ is a hybrid between the two best selling protective boots, the original SMB II® and the new standard, the SMB Elite™. The slightly longer suspensory strap stretches upon each impact of the hoof, allowing full ankle movement, helping to eliminate hyperextension of the fetlock. The SMB-3™ is cut back at the lower front to allow for proper fit when used with any Professional's Choice bell boot. It also has binding with a slight stretch that creates a more snug fit, both along the top and bottom of the boot, helping to keep dirt out.

Colors: Black, chocolate, crimson red, hunter green, lime green, navy, orange, pink, purple, royal blue, turquoise or white.

Slide-Tec™ Skid Boots

Slide-Tec™ Skid Boots feature an additional neoprene extension to cover the pastern and bulb of the horse's heel. This keeps dirt from penetrating the boot and causing burns during sliding stops or tight turns. The padded leather patch on the inside of the fetlock and cannon bone protect from interference. Made of closed-cell, limestone-based neoprene. The short boot provides rear leg protection from the bulb to just above the fetlock and the standard boot provides approximately 3 more inches of protection up the cannon bone.

Colors: Black, chocolate, crimson red, hunter green, navy, purple, royal blue, white.

SKB400 \$63.00 Short (10-1/2")
