

PROTECTO BOOTS *Now renamed*

**DAVIS HORSE BOOT**, is ideal for continuous soaking when conditions such as abscesses, thrush, puncture wounds and other aggravated foot conditions exist. The boot also relieves pressure when signs of bruises, corns or cankers appear. Soft pliable upper comforts the leg during use and closes tightly just below the fetlock. The boot opens wide for easy on-off application. The durable triple-layered bottom is made of a tough polyvinyl compound making it reusable many times over.

2	5-5/8"	6-1/8"	6	9-1/2"	9-1/2"

**BARRIER BOOT**

The Barrier Boot is a replacement for a lost shoe and protects the tender frog and sole. It allows the horse to walk unshod, protecting the hoof from cracks and chips. The Barrier Boot is ideal for trail riding with tender soled horses. The simple pull-on fit allows for easy application in the field without tools. The Barrier Boot stays secure with a strong nylon adjustable strap without damaging the hoof wall.
